Rejuvenation Center

Mission Statement

Our Wellness Center associates are committed to the on-going pursuance of providing our guests with an experience that leaves them feeling beautiful, happy and with an overall sense of wellness.

To achieve this it is our goal to provide 100% Satisfaction with a level of service that is exemplary, carefully selected products that stand above others and professional equipment that is respected as among the industries best.

Perfect Skin Starts Here

We are pleased to be offering the New Zerona Non-Invasive Body Slimming procedure. This is a proven procedure that safely removes fat and reduces inches with zero pain, zero surgery and zero downtime. Zerona allows patients to continue daily activity without interruption.

SmartLipo Laser Body Sculpting permanently destroys fat cells, improves overall body shape, is minimally invasive and results in overall tighter skin tissue. Laser Body Sculpting is ideal for the neck, jaw line, arms, "bra fat", abdomen, "love handles", "saddle bags", inner and outer thighs and knees.

Timeless Laser Rejuvenation Center offers a comprehensive array of Skin and Body Treatments. We provide a variety of facial treatments using medical grade skin care products selected especially for your skin type. Medical treatments include, Botox, Dermafillers, Chemical Peels, Microdermabrasion, Permanent Make-Up and Eye Lash Extensions.

Laser procedures include, Fractional Laser and Intense Pulsed Light to address Wrinkles, Sun Damage, Age Spots, Acne, Rosacea and Facial Veins. Laser Hair Removal and Laser Leg Vein treatments are also available.

TIMELESS LASER REJUVENATION CENTER OFFERS A COMPREHENSIVE ARRAY OF SKIN AND BODY TREATMENTS SPECIALLY DESIGNED FOR OUR CLIENTELE.

Michael McDonald, M.D., has been selected by Cynosure, the manufacturer of SmartLipo™ to be a Clinical Reference Training Center. Dr. McDonald will perform live SmartLipo™ demonstrations for physicians to observe in order to learn the proper surgical laser body sculpting techniques, clinical skills and knowledge about the SmartLipo™ procedure.

Dr. McDonald will also provide follow-up for the physicians in order to ensure that they have mastered the skills to perform SmartLipo™.
